

Quip notes

Keeping you informed.

EDITION 12 • MARCH • 2012

We've moved!

We're pleased to announce we have moved to our new headquarters in January after 10 years in our prior space.

We're now located at 8400 NW 33rd St, Suite 402, Doral, FL.

In the near future, we'll be hosting an open house to welcome our visitors.

Speaking of visitors, look who recently stopped by!

Alberto Dosal, Chairman of the Board & Coach Howard Schnellenberger

Keep connected with Compuquip.

Chairman's Corner

As the first quarter of 2012 concludes, I would like to reflect upon the exciting changes that have already taken place during the New Year. At the start of 2012, it was with great pride to announce the promotion of Eric Dosal to President & CEO. Over the last 10 years, Eric has distinguished himself as a strong leader with a passionate commitment to advance our company's goals, expand our service offerings and fortify client relationships. With Eric's recent promotion, I have now assumed the position of Chairman of the Board. I will continue to help grow Blue Wave Communications and prepare for my upcoming term as Chairman of the Greater Miami Chamber of Commerce.

On January 27th, Compuquip moved to its new headquarters. It is a state-of-the art facility, carefully designed to promote collaboration between the various service teams and to ensure close monitoring of clients' networks and efficient response to clients' needs. Blue Wave Communications also moved to new headquarters, a more fitting location, poised for greater growth.

In February, our Managed IT Services workforce increased by more than 10 percent with the hiring of seven IT professionals. We are delighted to know we have recruited the best talent from the local technology sector. We hope to see other local businesses increasing their staff so that we all maximize the growth and prosperity of our community.

As always, our clients' success has been and will always be our only focus and we look forward to growing with you. Our door is always open and we welcome you to let us know how we can help!

Alberto Dosal, Chairman of the Board

Compuquip Overview

For more than 30 years, South Florida-based Compuquip Technologies has been making IT easy with smart, secure technology solutions and services. Comprised of qualified, experienced and responsive experts committed to enhancing business performance, Compuquip is a fully integrated IT company that offers: Build IT™ (infrastructure services), Manage IT™ (managed IT platforms) and Secure IT™ (security solutions).

The Compuquip team consists of more than 80 full-time employees, including more than 40 full-time engineers, who stay abreast of industry changes through continuing technical education and certification renewals. The company's state-of-the-art facility was carefully designed as an open environment to promote collaboration between

Compuquip's various service teams and to ensure close monitoring of clients' networks and efficient response to clients' needs. In 2005, Compuquip moved its core IT equipment to a secure datacenter along with hosting clients' equipment to provide the necessary disaster recovery solution. This redundancy allows Compuquip and its clients to remain operational and protected during hurricanes and other natural disasters.

Since its inception, Compuquip has remained focused on the needs of its clients while providing the ultimate IT experience to end-users. The Compuquip team's ability to combine passion, extensive experience and knowledge with innovative technology makes the company a premier IT Solutions provider.
